Admin Home - 4 view the albums

The screenshot displays the Admin Home interface for viewing albums. The interface is divided into a dark sidebar on the left and a main content area on the right. The sidebar contains a 'Photos' header with a camera icon, followed by a list of navigation links: 'Add Ablum', 'Delete Ablum', 'Edit Album', 'Setting', and 'Logout'. The main content area is titled 'Albums' and features a user profile section at the top right with a 'Username' label and a 'quit' button. Below this, a list of albums is shown, with the first album featuring a Dogecoin image. The album details include 'Album Name', 'April 202-2021', and 'Number of photos: 200'. Numbered callouts (1-11) point to specific UI elements: 1 points to the 'Logout' link; 5 points to the 'Setting' link; 6 points to the 'Edit Album' link; 8 points to the 'Album Name' text; 9 points to the 'Number of photos: 200' text; 11 points to the Dogecoin image; and 7 points to the 'quit' button, with a note '7 or using close regular button'.

Change the name

Closes box and back to page

The image shows a light gray dialog box titled "Change the name of the Album". Inside the dialog, there is a label "Change the name" followed by a text input field containing the text "Change name". To the right of the input field are two buttons: "Update" and "Cancel". In the top right corner of the dialog box is a small button with an "X" icon. Three arrows point from these buttons to the text "Closes box and back to page" on the right side of the image. The "X" button has the longest arrow, while the "Update" and "Cancel" buttons have shorter arrows pointing towards the same text.
